## DETAILED ACTION

### *Drawings*

1. The application having been allowed, formal drawings are required in response to this Office action.

### *Allowable Subject Matter*

2. Claims 1-3 are allowed.
3. The following is an examiner's statement of reasons for allowance: The claims are directed to a multi lumen catheter having two lumens being separated along their entire length to define at least two separate fluid flow passages, wherein the distal end of the catheter has a dividing point with at least two distinct elongated end portions. Although the prior art shows various parts of this invention, none show the combination. It would not be obvious to combine these features absent hindsight reconstruction of the invention using applicant's disclosure.
4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
